

# Supporting *Healthcare & Population Health* in Rural Communities

RHIhub is your guide to improving health for rural residents. We provide access to current and reliable resources and tools to help you learn about rural health needs and work to address them.

## Find what you need at [ruralhealthinfo.org](http://ruralhealthinfo.org)

### Online Library

Fast access to information on:

- Funding and opportunities
- News
- Events
- Organizations
- Maps
- Publications

### Topic & State Guides

Brings together in-depth information on rural health topics and your state. Links directly to key resources related to a given topic or state.

### Rural Data Visualizations

Provides access to a range of tools to explore issues that impact rural health. Data is from federal and other publicly available data sources and presented in a variety of formats to show how rural areas compare.

### Case Studies & Conversations

Join the conversation on rural health! Find rural projects in our Models and Innovations and RHIhub videos, expert insight in our RHIhub webinars and the *Exploring Rural Health* podcast, and articles on pressing rural health issues in the *Rural Monitor*.

### Tools for Success

Access resources that support grant writing, demonstrate program impact, and help sustain rural programs.

### Updates and Alerts

Stay on top of everything related to rural health with our weekly newsletter, *RHIhub This Week*; get information specific to the issues and locations most relevant to you with our Daily and Weekly Custom Alerts; and get updates on new items added to the site through our RSS Feeds.

## The Rural Health Information Hub helps you...

**Plan** Find toolkits, program models and more that provide examples from rural communities and help you demonstrate need in your area.

**Develop** Get the information you need to build, maintain, and improve services in your community through easy access to thousands of resources.

**Learn** Gain insight and understanding of the issues affecting rural America through topic guides, timely news, and updates.

**Connect** Find others who have passion and expertise in rural health issues.

*All RHIhub services are free of charge!*

## About Us

The Rural Health Information Hub is funded to be the Federal Office of Rural Health Policy's national clearinghouse for rural health information. It is located within the Center for Rural Health (CRH) at the University of North Dakota School of Medicine & Health Sciences.

Additional RHIfhub partners include the Rural Policy Research Institute (RUPRI) and the NORC Walsh Center for Rural Health Analysis.

## Resource and Referral Service

### Need help finding resources?

RHIfhub's information specialists can provide **free** assistance customized to your needs.
