

Rural Health Research Gateway

ruralhealthresearch.org

The Rural Health Research Gateway is an online library of research and expertise. The website is free to use, searchable, and provides access to the work of the Rural Health Research Centers and Analysis Initiatives funded by the Federal Office of Rural Health Policy.

The Rural Health Research Center program is the only federal program that is dedicated entirely to producing policy-relevant research on healthcare in rural areas. The centers study critical issues facing rural communities in a quest to secure adequate, affordable, high-quality health services for rural residents.
